Tank Cleaning

Our service includes:

- Dirt and Dust vacuumed from bottom of tank
- Existing tank water to be run through filters
- Rainwater tank will have high pressure wash
- Our service people will run a check over your system to ensure everything is working properly
- All with minimal water loss

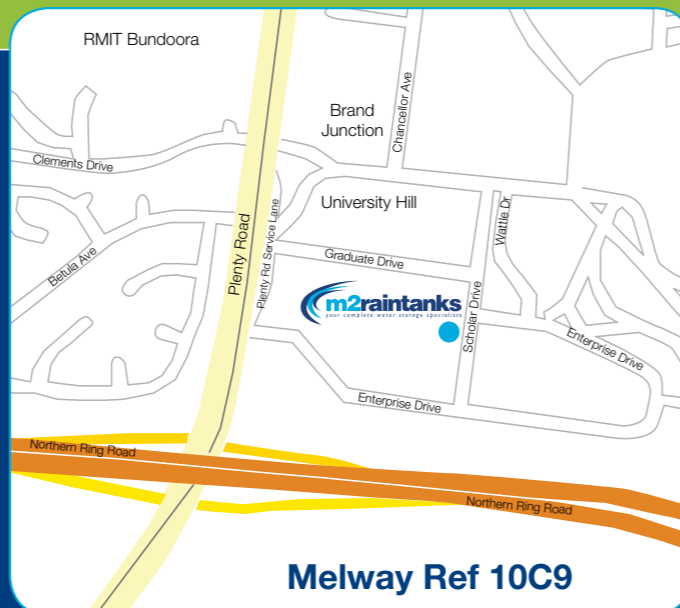

Optional extras:

- Filter bags being high pressure washed clean with tank water
- Your rainwater tank can be sterilised using our highly recommended non-toxic, ACQUASAFE water cleaning liquid.
